## Letter of Intent to run for ADA HOD 2022 Delegate

Members of the HOD,

I'm respectfully asking for your vote to represent the CSDA at the 2022 ADA HOD. Each year I try to work hard on the CSDA's behalf at the ADA HOD. Last year was bittersweet because we had a lot of leftover Resolutions from the previous year and hadn't dealt with them due to the pandemic. I was disappointed that with the pandemic still occurring the ADA HOD really didn't spend much time addressing the issues that we all faced due to it. It is my intent, not to let that happen again. We are all trying to recover and grapple with the new era the pandemic has ushered in. Many of us lost a lot of valuable time in the beginning of January 2022, due to the Omicron variant. We are also experiencing staffing shortages, markedly increased supply/PPE costs and the effects of inflation. The ADA passed a mandatory inflationary dues increase in 2019 and against the background of practices trying to establish a new normal, our dues keep going up.

It is my intent on bringing this issue up for discussion in some way shape or form at the next ADA HOD. I can agree with increases if we had results that increased member value and market share. However the ADA is going in the opposite direction, with costs increasing while market share has now dropped below 60%.

Our Trustee is currently exploring a run for ADA President Elect and he also sees the issue of membership as critical. I intend to use my resources to help him run for this position, because he can make a huge difference for dentists should he get elected.

Finally I intend to continue my mentoring with newer individuals who will come aboard this year.

Thank you for your consideration,

Jack

John J Mooney, DMD

227 Pomfret St, Putnam CT 06260
