What Sets This Practice Apart

- No insurance limitations — doctor-driven fees reflect your true expertise and value
- Loyal, health-conscious patient base with long-term relationships already in place
- Experienced, dedicated staff committed to the practice philosophy
- Integrative setting within a respected, established healthcare center
- Holistic/biologic dentistry. A growing premium market with exceptional patient loyalty
- Beaches, boating, world-class schools, fine dining and culture at your doorstep

Professional Freedom.

Exceptional Income.

This is the practice model most dentists dream about: no insurance bureaucracy, no fee restrictions, no accounts receivable.

Your clinical judgment drives every decision.

Your expertise determines your value.

A Seamless Transition Guaranteed

The retiring owner, a pioneer in holistic and biologic dentistry, will remain as mentor or associate to ensure a smooth, successful handover.

You're not starting over.

You're stepping into something already exceptional.

"This is more than a dental office. It is a thriving practice built on integrity, patient trust, and a total wellness philosophy — in one of the most desirable communities in America."
